The **UVic Mars Society** proudly presents:

Nick Hall-Patch

“Exploring Mars in the Utah Desert”

The Mars Society currently operates the Mars Desert Research Station (MDRS) in the Utah desert. The analog research station serves as a Mars simulation habitat. Nick recently visited the MDRS as part of Crew #21, from January 4th - 17th 2004. Hard work, no pay, eternal glory -- the MDRS motto. On March 31st, he'll share his unique experience with us.
